

CAMPAIGN TO CLEAN UP

SHIP BREAKING

THE WORLD'S MOST DANGEROUS JOB

The workers in this industry suffer precarious working conditions, lack training, and face serious hazards.

The industry has a responsibility to provide, and workers have a right to expect, safe, healthy, clean and sustainable jobs.

IndustriALL Global Union demands that all member states of the International Maritime Organization (IMO) :

Ratify the Hong Kong International Convention for the Safe and Environmentally Sound Recycling of Ships **NOW!**
